Paul,

Thank you for your email. We are reviewing your revised draft consent order and have a few questions.

1. With respect to the third paragraph and the statement that the parties "agree to maintain the status quo regarding control over the Internet domains VGJ.com and YJX.com, such that no third party should obtain such registration or control by sale, auction, or other conveyance," what is your and your client's understanding of the status of these domain names, as we are aware that domain names have been listed in online auctions?
2. Does your client intend to pull down any listings of the domain names for sale?
3. Is it your position that the consent order will include the most recent domain name, 744.com, for which we filed a motion yesterday?

Regards,  
Steven
